PROFILE

Highly motivated and technically proficient Full-Stack Developer eager to gain practical experience and contribute to dynamic projects in a collaborative environment. Possessing a solid foundation in both front-end and back-end development, with a passion for creating scalable, efficient, and user-friendly web applications. A quick learner with a strong problem-solving ability and a keen interest in staying up-to-date with emerging technologies and best practices. Seeking opportunities to leverage and expand my skills while making a meaningful impact on innovative projects.

SKILLS

❋ JavaScript (ES6+)

My expertise in leveraging JavaScript empowers me to develop responsive, feature-rich web experiences, thereby contributing to the enhancement of user engagement and overall application performance.

❋ Teaching and Communication

In the context of Bafuto Institute, integrating HTML, CSS, and JavaScript into teaching and communication is pivotal for fostering digital literacy and creativity among students.

❋ Version Control System

As a dedicated full-stack developer, I have honed my skills in utilizing Git, a distributed version control system, and its command-line interface, Git Bash, to effectively manage and track changes in software projects.

❋ React.js

My experience with React.js encompasses the development of interactive and reusable UI components, state management, and the integration of external data sources, culminating in the delivery of seamless and responsive web solutions.

❋ Responsive Design

As a forward-thinking full-stack developer, I have cultivated expertise in responsive design, an essential aspect of modern web development. My proficiency in responsive design encompasses creating user interfaces that seamlessly adapt to diverse devices and screen sizes, ensuring an optimal viewing experience for end users.

PROFESSIONAL EXPERIENCE

Graphics Designer, Landip Computer Services

2024 - Present
Lagos, Nigeria

As a passionate and dedicated web development instructor at Bafuto Institute, I had the privilege of nurturing the next generation of digital creators and innovators. My role encompassed imparting comprehensive knowledge and practical skills in HTML, CSS, JavaScript, and other essential web development technologies to students, fostering a dynamic and engaging learning environment that empowered individuals to explore the boundless possibilities of web development.
